PRINCIPAL'S WORDS

Barjora College, P.O. Barjora, Dt. Bankura, W.B was established in 1985 when virtually higher education was a long way off especially to the economically backward people of the Northern Bankura district. To cater the need of higher education a few distinguished education-lovers and dedicators of the locality came to the forefront to realize the long-cherished dream of setting up a college. After hard and unflinching struggle the college was sanctioned on 05/09/1985 and it started functioning as a pass/general course college with six subjects i.e. Bengali, English, History, Philosophy, Political Science and Economics for about ten years with its poor infrastructural facility. After a 'ten year pass/general course run', considering the growing public demand for extension of greater facilities of higher education emerging from the changing economic conditions in the rural Northern Bankura district, the University of Burdwan and concurrently the State Government (W.B) sanctioned Honours courses one after another including Geography & Sanskrit Honours except Economics.

The aim of our college is to make a perfect man in terms of academic, social and moral considerations. Hence we try our best to impart quality education and do take individual care to bring out the perfect man which is dormant within the mind of the young learners .Formal Examinations, good result and class tests are necessary for students since these are instrumental in building up one's knowledge, character and personality which prophesies the prospect of a nation .Our college maintains this motto continually for greater service of the individual and the society as a whole.

It is my highest pleasure to see the steady growth of this College which, in future, will flourish into a full-grown tree. Men may come and go but the college will stand dedicated for the welfare of the society which will ultimately determine the prospect of the nation. Keeping all these factors in mind we are pledged to dedicate ourselves to fulfill our mission of learning.

OUR MOTTO

"Outreach to Enrich"

OUR VISION

Upliftment of socially and economically backward students upon a strong foundation of secular, humanitarian world view. The institution strives to eradicate all elements of social obscurantism in relation to caste or gender bias.

OUR MISSION

" To ignite young minds with scientific temperament and integrated character formation to impact the family, community and the nation."

History of our College

Barjora College (presently under Bankura University) was established in 1985 when virtually higher education was a long way off, especially to the economically backward classes of the Northern Bankura District. To cater the need of higher education a few distinguished education-lovers, dedicators and social reformers of the locality came to the forefront to realize the long-cherished dream to set up a College. After hard and unflinching struggle the distinguished personalities, also the common people of the area and a few members of the Mondal family provided land and fulfilled other necessary conditions for sanctioning the college. However, after Govt. approval this Institution was initially started in Barjora High School, later it was shifted to its own building in 1986 with a poor infrastructural facility. Gradually, it could find its own way of existence with increasing amenities in the open atmosphere of flora and fauna.

After a 'ten years pass course run' considering the growing demand of the people for extension of greater facilities of higher education emerging from the changing socio-economic conditions in the rural Northern Bankura District The University of Burdwan and concurrently the State Govt. sanctioned English Honours first in 1995. Later, Bengali Honours, History Honours, Political Science Honours and Philosophy Honours courses were introduced. Geography and Sanskrit Honours have also come into existence in this college. In this year (2023) we got two new subjects Education & Sociology from Bankura University with the commencement of NEP -2020 syllabus that diluted barriers of honours and pass courses.

The NSS wing of the college also functions very well. At present the college also offers various computer science courses under the approval of Webel. Now this Institution is firm enough to uphold and continue the educational

excellence of the students as well as to build the character and personality so that they transform into ideal citizens for the greater service of the country. With our meager resources we embark upon new ventures of outreaching to the people in our surroundings. Students are imparted with knowledge in fearless ambience of the college. No ragging , no sexual harassment has taken place in the past, hope is there to have no incident in future. Students may register their grievances to the cell and their grievance will surely be resolved by us.

Barjora College pays homage to the long serving employees who have left this college or retired after service. We will always remain grateful to them for their valuable service.

Barjora College pays its reverence to the employee who has left this mundane world for heavenly abode. May his soul rest in peace.

Barjora College further pledges that we will always remain in good and cordial relations amongst our colleagues in future for the welfare of the Institution.

The Automated Permanent Academic Account Registry (APAAR)

ACADEMIC BANK OF CREDITS, a specialist identification system, is meant to be used by all Indian students. Part of the Union government's 'One Nation, One Student ID' campaign, this endeavour is in line with the recently implemented National Education Policy of 2020. All Indian students must register for APAAR/ABC ID, a unique 12-digit code, in order to digitally preserve, manage, and access all of their academic credits—including degrees, diplomas, certificates, training details, and extracurricular accomplishments. In the context of education, this ID acts as a digital identification for the student. Using their APAAR/ABC ID as a link, students can securely save critical documents, such as test results, in DigiLocker, an online repository. It is linked to the Academic Bank of Credits (ABC) by the APAAR/ABC ID and accepts academic credits from institutions via the National Academic Depository. This expedites authentication for employment applications or admissions and makes it easier to verify academic records. In order to increase accountability and transparency in education, APAAR monitors student accomplishment and simplifies academic data. It provides a comprehensive approach to student development by enhancing productivity, combating fraud, and including extracurricular activities. APAAR facilitates data-driven decision making in educational institutions and expedites the transfer process through a range of applications. It also facilitates the easy sharing of academic data among students, so expanding their options. APAAR facilitates career development, provides academic material that is insightful, expedites administrative processes, and forges relationships with industry partners in higher education. Along with stream lining administrative duties like record keeping and admissions, it also helps create links between students and employers and offers individualised career guidance. Colleges trust APAAR/ABC ID to handle the

details so they may focus on creating settings that support growth in both the professional and academic domains. Following UGC's advice, the BANKURA UNIVERSITY took the initiative to establish academic banks of credit for each and every undergraduate student. The college administration delegated authority to the relevant nodal personnel to assist our students in obtaining their Academic Bank of credits, and they completed the task successfully and on schedule. Before registration, the university made it essential for every single student. The ability for students to store their documents in a free, centrally secured DigiLocker will be greatly aided by this accomplishment. Most of the college's students have created their ABC IDs and registered for Digilockers thus far.

EXAMINATION CREDIT SYSTEM IN NEP-2020

As per New Curriculum and Credit Framework for Undergraduate (UG) Programme, UGC 2022 (as per NEP 2020), the Undergraduate Degree Programmes are of either 3 or 4-year durations, with multiple entry and exit points and re-entry options, with appropriate certifications such as :

These students are allowed to re-enter the degree programme within three years and complete the degree programme within the stipulated maximum period of seven (7) years.

ii. A UG diploma after 2 years (4 semesters) of study provided that a vocational course (additional 4 credits) must be completed during the summer term by the students who will exit the programme after securing 82 credits. These students are allowed to re-enter the degree programme within three years and complete the degree programme within the stipulated maximum period of seven (7) years.
